

DECORATE FOR CHANGE

Make a Difference in the Life of an Under-Employed Person

ADOPT-A-ROOM INITIATIVE

The **Adopt-A-Room** initiative is a new bedroom remodeling project where the Newark YMCA offers companies, organizations and families the opportunity to decorate a room in our facility for a underemployed person or family.

The initiative can be used as a community service project, in memory of someone special or a simple donation to help others.

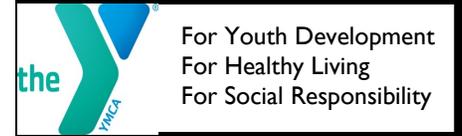

The initiative will be a gift that keeps on giving, each client who resides in this room will be met with the love of your family/church/organization as they find themselves in a period of transition. If you would like more information contact us at rentalagent@newarkymca.org
